

YASH DHIMAN

PHP Laravel Developer | 3 Years Experience

Chandigarh, India (Open to Relocation) | dyash6455@gmail.com | 8569885563

Portfolio: <https://yash-portfolio-taupe.vercel.app/>

PROFESSIONAL SUMMARY

PHP Laravel Developer with 3 years of professional experience designing and maintaining backend systems and RESTful APIs for production web applications. Proficient in Laravel MVC, MySQL, Eloquent ORM, Vue.js, and JavaScript, with hands-on experience integrating third-party services such as Stripe and Google Maps API. Working knowledge of Node.js and Express.js for full-stack development. Experienced in Git-based version control and Selenium automation, collaborating with clients, QA, and DevOps teams to deliver production-grade applications.

TECHNICAL SKILLS

Backend: PHP, Core PHP, Laravel, Node.js, Express.js

Database: MySQL, Eloquent ORM

APIs & Integrations: REST APIs, Stripe, Google Maps API, Laravel Sanctum

Tools: Git, GitHub, Selenium

Other: AI Tools, AI API Integration

PROFESSIONAL EXPERIENCE

Glocify Technologies, Chandigarh — PHP Developer

Jan 2025 – Present

- Implemented authentication, authorization, and role-based access control using Laravel Sanctum.
- Built automation solutions using Selenium WebDriver integrated with Core PHP for invoice processing workflows.
- Collaborated with QA, DevOps, and international clients to troubleshoot production issues.
- Debugged, tested, and enhanced live production systems, ensuring code quality and stability.

Netset Software Solution, Mohali — PHP Developer

June 2023 – Nov 2024

- Developed backend features and RESTful APIs for home renovation and recruitment platforms using Laravel.
- Implemented role-based authentication and authorization across multiple user panels.
- Integrated third-party services including Stripe Payment Gateway and Google Maps API.
- Followed Laravel MVC architecture and clean coding practices to build maintainable applications.

PROJECTS

ShopSphere – E-commerce Platform | Laravel 12, Vue.js 3, MySQL, REST API, Sanctum, Stripe Live

Demo: <https://shopsphere-frontend-one.vercel.app/>

- Built a full-stack e-commerce platform with RESTful APIs for product, cart, and order management.
- Implemented Sanctum-based authentication and integrated Stripe for secure payment processing.
- Built responsive Admin and Customer dashboards with dynamic data rendering using Vue.js.

Get My Invoices | Core PHP, Selenium WebDriver

- Automated invoice downloads from multiple client portals using Selenium WebDriver.
- Handled dynamic web elements, authentication flows, and PDF invoice downloads.

Renovatorz – Home Renovation Services Platform | Laravel, MySQL, REST API, Google Maps API, Stripe

- Built a booking platform connecting customers with nearby contractors via REST APIs.
- Integrated Google Maps API for contractor discovery and Stripe for online payments.
- Developed a real-time chat module for customer-contractor communication.

Trust Hire – Multi-Role Hiring Platform | Laravel, MySQL, REST API

- Developed a recruitment platform with multi-role authentication and RBAC for Admin, Employer, and Job Seeker.
- Built REST APIs for job postings, applications, and candidate management using Eloquent ORM.

EDUCATION

Chandigarh University — Master of Computer Applications (MCA)

2025 – Present

JMIT, Yamunanagar — Bachelor of Computer Applications (BCA)

2020 – 2023

Swami Vivekanand Public School — 12th CBSE

2018
